## Plumbing & Fire Protection Systems

We offer design assistance for the most efficient application of the following engineered products and systems.

### PUMPS & SYSTEMS

#### Peerless Pumps

Fire, vertical turbine, single and multistage horizontal split case, end suction, sump and sewage pumps. Hydroconstant variable speed drives. Pre-fabricated constant pressure pump systems.

#### Flygt

Submersible wet/dry pit, dewatering, sewage, propeller, cutter and grinder pumps. Submersible mixers and controls.

#### SyncroFlo

UL/ETL certified constant and variable speed packaged fire and domestic water pressure booster and house pump systems. Pre-fabricated pump houses.

#### Stancor

Submersible elevator pit pump with "Oil-Minder Control System" automatically pumps water without danger or ejecting oil, in accordance with ASME A17.1.1.

#### MultiTrode

Liquid level monitor and control systems for sewage and clean water applications to 212° F.

#### SubRig

Prefabricated, pre-engineered sewage pit piping and cover system.

#### Hush-Pumpy

Acoustically isolated pumping systems for discriminating high-end residential applications.

### HEAT TRACING & WATER DETECTION

#### Raychem

HWAT heat tracing systems for hot water temperature maintenance. The HOT answer to low flow fixtures!

XL-TRACE heat tracing systems for piping freeze protection. Monitoring systems for life-safety piping applications.

XL-TRACE grease disposal and fuel oil piping flow maintenance.

#### Tracetek

TRACETEK water detection for RPZ backflow preventer, water heater, and other leak sensitive applications requiring immediate alarm and/or automatic valve shutdown.

### WATER HEATERS

#### Aerco

High efficiency semi-instantaneous water heaters for gas, steam, and water-to-water applications.

#### Ace Boiler Inc.

Direct-fired hot water heaters, packaged indirect hot water heaters, DHW storage tanks.

#### Hubbell Water Heaters

Cement lined & copper silicon water heaters for electric, steam, & water-to-water.

#### Sellers Engineering

Direct-fired large volume hot water heaters up to 20,000 MBH, packaged indirect DHW heaters up to 4000 gallons.

### TANKS & VALVES

#### Amtrol

ASME rated hydro-pneumatic expansion tanks & air separators.

#### American Valve

Ball valves with lever and gear operators, pneumatic, hydraulic and electric actuators, ½" to 10" teflon fused ball, cast iron, ductile iron & stainless steel, up to 300 PSIG MWP.

#### Singer Valve

Pilot operated automatic control valves for pressure regulation & level control, ½" to 24", cast iron, bronze & stainless steel up to 600 PSIG MWP. Lifetime seat replacement warranty.

### NATURAL GAS & PROPANE-AIR

#### Spencer

Hermetically sealed natural gas boosters, NYC approved, with controls and accessories.

#### Standby Systems Inc.

Propane vaporizer-mixer and delivery systems for dual-fuel and alternate fuel source applications.
